

## TITLE 12

### BUILDING, UTILITY, ETC. CODES

#### CHAPTER

1. BUILDING CODE.
2. PLUMBING CODE.
3. ELECTRICAL CODE.
4. GAS CODE.
5. SWIMMING POOL AND SPA CODE.
6. MECHANICAL CODE.
7. MANUFACTURED HOUSING.
8. RESIDENTIAL CODE.
9. ENERGY CONSERVATION CODE.

#### CHAPTER 1

### BUILDING CODE<sup>1</sup>

#### SECTION

- 12-101. Building code adopted.
- 12-102. Modifications.
- 12-103. Available in recorder's office.
- 12-104. Other requirements.
- 12-105. Violations and penalty.

**12-101. Building code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-506, and for the purpose of regulating the construction, alteration, repair, use, occupancy, location, maintenance, removal, and demolition of every building or structure, the *International Building Code*,<sup>2</sup> 2018 edition, as prepared by the International Code Council, is hereby adopted and incorporated by reference as part of this

---

<sup>1</sup>Municipal code references

Fire protection, fireworks, and explosives: title 7.

Planning and zoning: title 14.

Streets and sidewalks, etc.: title 16.

Swimming pools: title 13, ch. 4.

Utilities and services: titles 18 and 19.

<sup>2</sup>Copies of this code (and any amendments) may be purchased from the International Code Council, 900 Montclair Road, Birmingham, Alabama 35213.

code, and is hereinafter referred to as the building code. (2004 Code, § 12-101, modified, as amended by Ord. #2022-023, Nov. 2022 ***Ch1\_02-13-24***)

**12-102. Modifications.** (1) Definitions. Whenever in any code, reference is made to the duties of a certain official named therein, that the designated official(s) of the Town of Rossville who has duties corresponding to those of the named official in said code shall be deemed to be the responsible official(s) insofar as enforcing the provisions of the codes.

(2) Permits. Section 105 is modified by adding the following to the section: Ordinary minor repairs or alterations to existing buildings or structures such as, but not limited to: painting; wallpapering; replacing sheetrock; tile, or floor covering; adding inside cabinets or storage space; re-roofing; adding siding or storm windows and doors, etc., may be made with the approval of building inspector without a building permit. A building permit is required for repairs, alterations, remodeling, etc.; which involve moving or change to exterior walls; roof lines; load-bearing inside walls; plumbing; electrical; or heating, ventilation, and air-conditioning (HVAC) systems.

Modifications to existing buildings or structures that add to the foundation or change the "footprint" (aerial view) of the building or structure require a site plan as specified in section 2(a), article XII, of the zoning ordinances prior to the issuance of a building permit.

(3) Permit fees. All fees for inspections and permits under the above codes shall be those fees as adopted by the board of mayor and alderman by resolution and said fees for inspections and permits may be changed by the resolution of the board. (2004 Code, § 12-102)

**12-103. Available in recorder's office.** Pursuant to the requirements of the *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the building code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public. (2004 Code, § 12-103)

**12-104. Other requirements.** (1) A copy of the building permit will be forwarded to the Fayette County Property Assessor after the building inspector completes all required inspections and issues a certificate of occupancy.

(2) Town services such as water and sewer connections and garbage pickup will not begin until a building permit is issued.

(3) In addition to the requirements in Section 2, Article XII of the Zoning Ordinance, a building permit is required prior to any grading, excavating, leveling, etc., which may change the water drainoff from the property whether or not a building or structure is planned for the property. (2004 Code, § 12-104)

**12-105. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of this code as herein adopted by reference and modified. The violation of any section in this chapter shall be punished by the penalty of up to fifty dollars (\$50.00). Each day a violation is allowed to continue shall constitute a separate offense. (2004 Code, § 12-105)

## CHAPTER 2

### PLUMBING CODE<sup>1</sup>

#### SECTION

- 12-201. Plumbing code adopted.
- 12-202. Permits and inspections.
- 12-203. Available in recorder's office.
- 12-204. Violations and penalty.

**12-201. Plumbing code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-506, and for the purpose of regulating plumbing installations, including alterations, repairs, equipment, appliances, fixtures, fittings and the appurtenances thereto, within or without the town, when such plumbing is or is to be connected with the town water or sewerage system, the *International Plumbing Code*,<sup>2</sup> 2018 edition as prepared by the International Code Council, is hereby adopted and incorporated by reference as part of this code, and is hereinafter referred to as the plumbing code. (2004 Code, § 12-201, modified, as amended by Ord. #2022-023, Nov. 2022 *Ch1\_02-13-24*)

**12-202. Permits and inspections.** No permits shall be issued nor shall any inspections be made by town personnel for any plumbing work done by the town. (2004 Code, § 12-202)

**12-203. Available in recorder's office.** Pursuant to the requirements of the *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the plumbing code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public. (2004 Code, § 12-203)

**12-204. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of this code as herein adopted by reference and modified. The violation of any section

## CHAPTER 4

### GAS CODE<sup>1</sup>

#### SECTION

- 12-401. Title and definitions.
- 12-402. Gas code adopted.
- 12-403. Use of existing piping and appliances.
- 12-404. Bond and license.
- 12-405. Gas inspector and assistants.
- 12-406. Powers and duties of inspector.
- 12-407. Permits.
- 12-408. Inspections.
- 12-409. Certificates.
- 12-410. Nonliability.
- 12-411. Violations and penalty.

**12-401. Title and definitions.** This chapter and the code herein adopted by reference shall be known as the gas code of the town. The following definitions are provided for the purpose of interpretation and administration of the gas code.

(1) "Certain appliances" means conversion burners, floor furnaces, central heating plants, vented wall furnaces, water heaters and boilers.

(2) "Certificate of approval" means a document or tag issued and/or attached by the inspector to the inspected material, piping, or appliance installation, filled out, together with date, address of the premises, and signed by the inspector.

(3) "Gas company" means any person distributing gas within the corporate limits or authorized and proposing to so engage.

(4) "Inspector" means the person appointed as inspector, and shall include each assistant inspector, if any, from time to time acting as such under this chapter by appointment of the mayor.

(5) "Person" means any individual, partnership, firm, corporation, or any other organized group of individuals. (2004 Code, § 12-401)

**12-402. Gas code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-506, and for the purpose of governing the safe installation of consumers' gas pipe lines and gas appliances for fuel gases,

---

<sup>1</sup>Municipal code reference

Gas system administration: title 19, chapter 2.

the *International Fuel Gas Code*,<sup>1</sup> 2018 edition, published by the International Code Council, Inc., is hereby adopted and incorporated by reference as a part of this code, and is hereinafter referred to as the gas code. (2004 Code, § 12-402, modified, as amended by Ord. #2022-023, Nov. 2022 *Ch1\_02-13-24*)

**12-403. Use of existing piping and appliances.** Notwithstanding any provision in the gas code to the contrary, consumer's piping installed prior to the adoption of the gas code or piping installed to supply other than natural gas may be converted to natural gas if the inspector finds, upon inspection and proper tests, that such piping will render reasonably satisfactory gas service to the consumer and will not in any way endanger life or property; otherwise, such piping shall be altered or replaced, in whole or in part, to conform with the requirements of the gas code. (2004 Code, § 12-403)

**12-404. Bond and license.** (1) No person shall engage in or work at the installation, extension, or alteration of consumer's gas piping or certain gas appliances, until such person shall have secured a license as hereinafter provided, and shall have executed and delivered to the recorder a good and sufficient bond in the penal sum of ten thousand dollars (\$10,000.00), with corporate surety, conditioned for the faithful performance of all such work, entered upon or contracted for, in strict accordance and compliance with the provisions of the gas code. The bond herein required shall expire on the first day of January next following its approval by the recorder, and thereafter on the first day of January of each year a new bond, in form and substance as herein required, shall be given by such person to cover all such work as shall be done during such year.

(2) Upon approval of said bond, the person desiring to do such work shall secure from the recorder a nontransferable license which shall run until the first day of January next succeeding its issuance, unless sooner revoked. The person obtaining a license shall pay any applicable license fees to the recorder.

(3) Nothing herein contained shall be construed as prohibiting an individual from installing or repairing his own appliances or installing, extending, replacing, altering, or repairing consumer's piping on his own premises, or as requiring a license or a bond from an individual doing such work on his own premises; provided, however, all such work must be done in conformity with all other provisions of the gas code, including those relating to permits, inspections, and fees. (2004 Code, § 12-404)

---

<sup>1</sup>Copies of this code (and any amendments) may be purchased from the International Code Council, 900 Montclair Road, Birmingham, Alabama 35213.

**12-405. Gas inspector and assistants.** To provide for the administration and enforcement of the gas code, the office of gas inspector is hereby created. The inspector, and such assistants as may be necessary in the proper performance of the duties of the office, shall be appointed or designated by the board of mayor and aldermen. (2004 Code, § 12-405)

**12-406. Powers and duties of inspector.** (1) The inspector is authorized and directed to enforce all of the provisions of the gas code. Upon presentation of proper credentials, he may enter any building or premises at reasonable times for the purpose of making inspections or preventing violations of the gas code.

(2) The inspector is authorized to disconnect any gas piping or fixture or appliance for which a certificate of approval is required but has not been issued with respect to same, or which, upon inspection, shall be found defective or in such condition as to endanger life or property. In all cases where such a disconnection is made, a notice shall be attached to the piping, fixture, or appliance disconnected by the inspector, which notice shall state that the same has been disconnected by the inspector, together with the reason or reasons therefor, and it shall be unlawful for any person to remove said notice or reconnect said gas piping or fixture or appliance without authorization by the inspector and such gas piping or fixture or appliance shall not be put in service or used until the inspector has attached his certificate of approval in lieu of his prior disconnection notice.

(3) It shall be the duty of the inspector to confer from time to time with representatives of the local health department, the local fire department, and the gas company, and otherwise obtain from proper sources all helpful information and advice, presenting same to the appropriate officials from time to time for their consideration. (2004 Code, § 12-406)

**12-407. Permits.** (1) No person shall install a gas conversion burner, floor furnace, central heating plant, vented wall furnace, water heater, boiler, consumer's gas piping, or convert existing piping to utilize natural gas without first obtaining a permit to do such work from the mayor; however, permits will not be required for setting or connecting other gas appliances, or for the repair of leaks in house piping.

(2) When only temporary use of gas is desired, the recorder may issue a permit for such use, for a period of not to exceed sixty (60) days, provided the consumer's gas piping to be used is given a test equal to that required for a final piping inspection.

(3) Except when work in a public street or other public way is involved the gas company shall not be required to obtain permits to set meters, or to extend, relocate, remove, or repair its service lines, mains, or other facilities, or for work having to do with its own gas system. (2004 Code, § 12-407)

**12-408. Inspections.** (1) A rough piping inspection shall be made after all new piping authorized by the permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been attached thereto.

(2) A final piping inspection shall be made after all piping authorized by the permit has been installed and after all portions thereof which are to be concealed by plastering or otherwise have been so concealed, and before any fixtures or gas appliances have been attached thereto. This inspection shall include a pressure test, at which time the piping shall stand an air pressure equal to not less than the pressure of a column of mercury six inches (6") in height, and the piping shall hold this air pressure for a period of at least ten (10) minutes without any perceptible drop. A mercury column gauge shall be used for the test. All tools, apparatus, labor, and assistance necessary for the test shall be furnished by the installer of such piping. (2004 Code, § 12-408)

**12-409. Certificates.** The inspector shall issue a certificate of approval at the completion of the work for which a permit for consumer piping has been issued if after inspection it is found that such work complies with the provisions of the gas code. A duplicate of each certificate issued covering consumer's gas piping shall be delivered to the gas company and used as its authority to render gas service. (2004 Code, § 12-409)

**12-410. Nonliability.** This chapter shall not be construed as imposing upon the municipality any liability or responsibility for damages to any person injured by any defect in any gas piping or appliance mentioned herein, or by installation thereof, nor shall the municipality, or any official or employee thereof, be held as assuming any such liability or responsibility by reason of the inspection authorized hereunder or the certificate of approval issued by the inspector. (2004 Code, § 12-412)

**12-411. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of this code as herein adopted by reference and modified. The violation of any section in this chapter shall be punished by the penalty of up to fifty dollars (\$50.00). Each day a violation is allowed to continue shall constitute a separate offense. (2004 Code, § 12-411)

## CHAPTER 5

### SWIMMING POOL AND SPA CODE<sup>1</sup>

#### SECTION

- 12-501. Swimming pool code adopted.
- 12-502. Amendments.
- 12-503. Available in recorder's office.
- 12-504. Violations and penalty.

**12-501. Swimming pool code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-516, and for the purpose of regulating the minimum requirements for the design, construction, alteration, repair and maintenance of swimming pools, spas, hot tubs and aquatic facilities, the *International Swimming Pool and Spa Code*,<sup>2</sup> 2018 edition, with Appendices \_\_\_\_\_ as prepared by the International Code Council, is hereby adopted and incorporated by reference as part of this code except as otherwise specifically stated in the chapter and is hereinafter referred to as the swimming pool code. (as amended by Ord. #2022-023, Nov. 2022 *Ch1\_02-13-24*)

**12-502. Amendments.**

**12-503. Available in recorder's office.** Pursuant to the requirements of the *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the swimming pool code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public.

**12-504. Violations and penalty.** It shall be unlawful for any person, firm or corporation to violate the provisions of this code, or cause same to be done, in conflict with or in violation of any of the provisions of the code.

- 12-601. Mechanical code adopted.  
12-602. Modifications.  
12-603. Available in recorder's office.  
12-604. Violations and penalty.

**12-601. Mechanical code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-506, and for the purpose of regulating the installation of mechanical systems, including alterations, fixtures, fittings and/or appurtenances thereto, including ventilating, heating, cooling, air conditioning, and refrigeration systems, incinerators, and other energy-related systems, the *International Mechanical Code*,<sup>2</sup> 2018 edition as prepared by the International Code Council, is hereby adopted and incorporated by reference as part of this code, and is hereinafter referred to as the mechanical code. (2004 Code, § 12-601, modified, as amended by Ord. #2022-023, Nov. 2022 *Ch1\_02-13-24*)

**12-602. Modifications. Definitions.** Wherever the mechanical code refers to the "Building Department," "Mechanical Official," or "Building Official," or "Inspector" it shall mean the person appointed or designated by the board of mayor and aldermen to administer and enforce the provisions of the mechanical code. (2004 Code, § 12-602)

**12-603. Available in recorder's office.** Pursuant to the requirements of *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the mechanical code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public. (2004 Code, § 12-603)

**12-604. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of this code as herein adopted by reference and modified. The violation of any section in this

chapter shall be punished by the penalty of up to fifty dollars (\$50.00). Each day a violation is allowed to continue shall constitute a separate offense. (2004 Code, § 12-604)

**CHAPTER 7**

**MANUFACTURED HOUSING**

**SECTION**

12-701. Manufactured homes and/or off-site housing.

**12-701. Manufactured homes and/or off-site housing.**  
Manufactured homes and/or off-site housing in the Town of Rossville for all such homes classified as R-1 or R-2 shall be at least fifty one percent (51%) brick, and have a covered attached garage or carport. (2004 Code, § 12-701)

## CHAPTER 8

### RESIDENTIAL CODE

#### SECTION

- 12-801. Residential code adopted.
- 12-802. Addition to residential code.
- 12-803. Available in recorder's office.
- 12-804. Violations and penalty.

**12-801. Residential code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 to 6-54-506, and for the purpose of regulating the construction, alteration, repair, use, occupancy, location, maintenance, removal, and demolition of every building or structure, the *International Residential Code*, 2018 edition (the "residential code") as prepared by the International Code Council, is hereby adopted and incorporated by reference as part of this code, and is hereinafter referred to as the residential code. Provided, however, that section R313 of the *International Residential Code*, 2009 edition, Automatic Fire Sprinkler Systems, is expressly omitted and is not adopted by the town. (2004 Code, § 12-801, modified, as amended by Ord. #2022-023, Nov. 2022 ***Ch1\_02-13-24***)

**12-802. Addition to residential code.** The provisions set out below in this section are hereby added and incorporated into the residential code as adopted by the Town of Rossville:

"Framing members shall be placed no more than sixteen inches (16") on center. An exception to this spacing shall be allowed for rafters. Rafters may be placed twenty-four inches (24") on center provided that: roof sheathing is no less than five-eighths inch (5/8") plywood with approved clips or three-fourths inch (3/4") nominal thickness boards. Rafters not nailed directly to ceiling joists must be installed at the top plate with approved metal fastening straps (hurricane clips)." (2004 Code, § 12-802)

**12-803. Available in recorder's office.** Pursuant to the requirements of *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the residential code has been placed on file in the recorder's office and shall be kept there for the use of and inspection by the public. (2004 Code, § 12-803)

**12-804. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of the residential code as adopted by the town and as such code may hereafter be modified. Any such violation shall subject the violator to a penalty of up to fifty dollars (\$50.00) and each day that a violation continues shall constitute a separate offense. (2004 Code, § 12-804)

## CHAPTER 9

### ENERGY CONSERVATION CODE

#### SECTION

- 12-901. Energy conservation code adopted.
- 12-902. Amendments to the IECC and IRC.
- 12-903. Codes available.

**12-901. Energy conservation code adopted.** The 2018 International Energy Code (IECC) is adopted by the Town of Rossville effective immediately.

**12-902. Amendments to the IECC and IRC.** The town adopts the following amendments that went into effect July 2023 by the State of Tennessee for the IECC and the IRC set out below:

#### IECC Amendments

Rules of Departments of Commerce and Insurance Division of Fire Prevention, chapter 0780-02-23 One- and Two-family Dwellings and Townhouses, 0780-02-23-.02 adoption by reference.

(b) International Energy Conservation Code (IECC), 2018 edition, published by the ICC, except that:

1. Section R402.4.1.2 Testing is deleted and replaced with Section 402.4.2.1 Testing Option and Section 402.4.2.2 Visual Inspection Option from 2009 IECC.
2. Section R403.3.3 Duct Testing (Mandatory) and Section R403.3.4 Duct Leakage (Prescriptive) are optional.
3. Table 402.1.2 Insulation and Fenestration Requirements by Component and Table R402.1.4 Equivalent U-Factors are deleted and replaced with Table 402.1.1 Insulation and Fenestration Requirements by Component and Table 402.1.3 Equivalent U-Factors 2009 IECC

(c) The specific requirements of the codes and standards may be modified to permit the use of alternate materials or methods of construction.

0780-02-23-.12 Local Government Enforcing Residential Building Codes and Standards.

Purpose. Pursuant to T.C.A. § 68-120-101, a local government may be responsible for adopting and enforcing residential building construction and fire safety codes and standards for one (1) and two (2) family dwellings, townhouses, and additions thereto of thirty (30) square feet or more of interior space. The county or city is authorized to charge and receive a fee for each inspection performed. This rule sets forth the criteria by which local governments are authorized to adopt and enforce residential building codes and standards and the procedures by which the Division may review such authorization.

(1) Initial Authorization.

(a) On or before July 1, 2010, or upon subsequent adoption thereof, a local government meeting the requirements of T.C.A. § 68-120-101, to adopt and enforce residential building construction and fire safety codes and standards for one (1) and two (2) family dwellings, townhouses and additions thereto of thirty (30) square feet or more of interior space, shall provide the Division with the following information:

1. The titles and editions of the residential building construction and fire safety codes and standards for one (1) and two (2) family dwellings and townhouses adopted and enforced by the local government;
2. The number and types of inspections that will be conducted;
3. A description of the permit issuance, enforcement, and record keeping process for all residential inspection activities.
4. The names of all persons who are employed by the local government to perform residential building inspections on the construction of one (1) and two (2) family dwellings, townhouses, and additions thereto of thirty (30) square feet or more of interior space and who meet the training requirements of T.C.A. §§ 68-120-101(f)(1)(B), 68-120-113, and 68-120-118; and
5. Any other documentation the Division deems necessary from a local government to evidence compliance with the requirements of T.C.A. §§ 68-120-101, 68-120-113 and 68-120-118. The Division may conduct an on-site review of the local government's residential building permit and inspection process.

(2) Except as provided in T.C.A. § 68-120-101, or otherwise approved in writing by the state fire marshal, no city, county, town, municipal corporation, metropolitan government, or political subdivision of the

State of Tennessee shall adopt or enforce any ordinance prescribing less stringent standards of fire prevention, fire protection, or building construction safety than those established hereunder. The residential building construction and fire safety codes and standards adopted by a local government shall be current within seven (7) years of the date of the latest edition published. Any amendments to the editions of the standards and codes adopted by the local government shall be designed to afford a reasonable degree of safety to life and property from fire and hazards incident to the design, construction, alteration, and repair of buildings or structures within the jurisdiction. If a local government adopts a less stringent seismic standard, the local government shall submit the request in writing with a letter from an engineer registered in Tennessee confirming that the proposed standards afford, to a reasonable degree, building construction standards to protect life and property. A local government may also request to adopt a less stringent seismic standard proposed by a different political subdivision if that standard was previously approved by the state fire marshal.

(3) Review of Local Government Authorization.

(a) For any local government that is authorized to adopt and enforce residential building construction and fire safety codes and standards for one (1) and two (2) family dwellings, townhouses, and additions thereto of thirty (30) square feet or more of interior space, the Division will conduct a review of the local government's authorization at least once every three (3) years. The local government shall submit the following information on a form provided by the Division within thirty (30) days of its receipt of the form.

1. The titles and editions of the residential building construction and fire safety codes and standards for one (1) and two (2) family dwellings and townhouses adopted and enforced by the local government;
2. The number and types of residential inspections that are conducted;
3. A description of the permit issuance, enforcement, and recordkeeping process for all residential inspection activities;
4. The names of all persons who are employed by the local government to perform residential building inspections on the construction of one (1) and two (2) family dwellings, townhouses, and additions thereto of thirty (30) square feet or more of interior space and

who meet the training requirements of T.C.A. §§ 68-120-101(f)(l)(B), 68-120-113 and 68-120-118; and,

5. Any other documentation the Division deems necessary from the local government to evidence compliance with the requirements of T.C.A. §§ 68-120-101, 68-120-113 and 68-120-118. The Division may conduct an on-site review of the local government's residential building permit and inspection process.

(b) Each local government selected for an on-site review pursuant to this paragraph shall be notified of the review in writing.

(c) Report of Review

8. Within thirty (30) days after receipt

IRC AMENDMENTS:

Rules of Departments of Commerce and Insurance Division of Fire Prevention, Chapter 0780-02-23 One- and Two-family Dwellings and Townhouses, 0780-02-23-.02 adoption by reference.

0780-02-23-.02 adoption by reference

5. Section N1102.4.1.2 (R402.4.1.2) Testing is replaced with Section N1102.4.2.1 Testing Option and Section N1102.4.2.2 Visual Inspection from 2009 IRC.

6. Section N1103.3.3 (R403.3.3) Duct Testing (Mandatory) and Section N1103.3.4 (R403.3.4) Duct Leakage (Prescriptive) are optional.

7. Table N1102.1.2 (R402.1.2) Insulation and Fenestration Requirement by Component and Table N1102.1.4 (R402.1.4) Equivalent U-Factors from 2018 IRC are replaced with Table N1102.1 Insulation and Fenestration Requirements by Component and Table N1102.1.2 Equivalent U-Factor from 2009 IRC.

8. Section N1102.4.4 (R402.4.4) Rooms Containing Fuel-Burning Appliances is deleted in its entirety.

9. Table N1102.1 Insulation and Fenestration Requirements by Component in the 2009 edition is adopted and amended by adding the following as footnote "I": "Log walls complying with ICC400 and with a minimum average wall thickness of 5" or greater shall be permitted in Zone 3 when a Fenestration U-Factor of .50 or lower is used, a Skylight U-Factor of .65 or lower is used, a Glazed Fenestration SHGC of .30 or

lower is used, a 90 AFUE Furnace is used, an 85 AFUE Boiler is used, and a 9.0 HSPF Heat Pump (heating) and 15 SEER (cooling) are used."

10. Table N1102.1 Insulation and Fenestration Requirements by Component in the 2009 edition is adopted and amended by adding the following as footnote "m": "Log walls complying with ICC400 and with a minimum average wall thickness of 5" or greater shall be permitted in Zone 4 when a Fenestration U-Factor of .35 or lower is used, a Skylight U-Factor of .60 or lower is used, a 90 AFUE Furnace is used, an 85 AFUE Boiler is used, and a 9.0 HSPF Heat Pump (heating) and 15 SEER (cooling) are used." (as added by Ord. #2024-002, Feb. 2024 *Ch1\_02-13-24*)

**12-903. Codes available.** The codes adopted by this ordinance shall be available for use and inspection by the public at Rossville City Hall during regular business hours. (as added by Ord. #2024-002, Feb. 2024 *Ch1\_02-13-24*)
