

City	Population	What is your standard sewer tap fee?	Do you use a grinder or STEP system (not gravity)?	Do you charge more for grinder/STEP installation?	If grinder pumps are used, is there a separate maintenance or "call-out" fee?	If yes, what is the fee?	Is a developer responsible for paying for new subdivision sewer installations if grinder pumps or something other than gravity is used?	Is financing available to individual homeowners for grinder pumps? If yes, over what time period will you finance?
Cookeville	31,154	\$1,000 for a standard home if the city installed in the system. If it was installed by a developer, it is \$50.	Grinder	No	Yes	There is a grace period given, but If problems persist charges will be incurred.	Yes	No
Knoxville	178,874	\$1,500	For a fee, KUB provides a low pressure sewer lateral to the customer's property and the customer pays for and installs a privately owned lateral and grinder pump.	KUB only allows gravity sewer or grinder pump/low pressure sewer options. No STEP installations.	Since all grinder pumps are privately owned, the customer is responsible for all maintenance and repairs.	n/a	Yes	No
Mount Carmel	5,429	\$2,500	Both	No	No	n/a	Yes	No
