

City	Does your community have a rain gauge?	Does your community have a rain gauge network?	If you have a rain gauge, which of the following applies? -- Measures rainfall depth	Measures both depth and intensity	All of the above	How do you get the data?	How do you get your rainfall information?
Algood	No						Sewer plant city of cookeville
Atoka	No						From the local news station
Belle Meade	No						Metro AIR port
Charleston	No						Local weather distributors.
Collinwood	No						
Dickson	No						Online
Erwin	No						Weather apps and news
Jefferson City	No						Look at TVA rainfall for Cherokee Dam.
Kimball	No						weather channel
La Grange	No						
Lakeland	No						NOAA, manual rain gauge
Lexington	No						Local News
Lynnville	No						
Morristown	No						Weather Service
Moscow	No						from an APP
Mt. Juliet	No						on site construction site rain gauge
Ripley	No						News
Smyrna	No						Weather Underground and local news sources
Athens	Yes	No	Measures rainfall depth			Manually download the data	through local utility
Bartlett	Yes	No	Measures rainfall depth			Manually download the data	We retrieve the information off of a web site from rain gauges at several of our lift stations.
Bristol	Yes	Yes			All of the above	Manually download the data	The data is downloaded at some of the gauges, some gauges are manually read.
Chapel Hill	Yes	No	Measures rainfall depth				
Church Hill	Yes	No	Measures rainfall depth			Manually download the data	
Crosville	Yes	No	Measures rainfall depth			Manually download the data	The City has a rain gauge downtown and the information can be downloaded. We also utilize the ASOS at the airport and the information is requested and download from the National Weather Service.
Decatur	Yes	No	Measures rainfall depth			Telemetry	Bluetooth
Franklin	Yes	Yes		Measures both depth and intensity		Telemetry	Vendor website

City	Does your community have a rain gauge?	Does your community have a rain gauge network?	If you have a rain gauge, which of the following applies? -- Measures rainfall depth	Measures both depth and intensity	All of the above	How do you get the data?	How do you get your rainfall information?
Gatlinburg	Yes	Yes			All of the above	Telemetry	IFLOWS / ALERT data using Datawise software. We have 7 active sites transmitting stream and rain data. The City of Gatlinburg and Sevier County is currently working with the army core to expand our current network. If you need any further details, please contact Capt.. Ebb with the Gatlinburg Fire Department. ebbs@gatlinburgtn.gov
Goodlettsville	Yes	No					Rain gauge is checked daily at Public Works.
Huntingdon	Yes	No	Measures rainfall depth			Manually download the data	Measure with graduated stick provided by National Weather Service
Johnson City	Yes	Yes			All of the above	Telemetry	celluar, web hosted
Kingsport	Yes	Yes			All of the above	Both for various gauges	Thorough sewer telemetry network and by visual observation
Knoxville	Yes	Yes			All of the above	Both for various gauges	Flowlink remote access to 5, weatherlink for 1, and manual field connection for 2.
Lebanon	Yes	Yes	Measures rainfall depth			Both for various gauges	
Mosheim	Yes	No	Measures rainfall depth			Manually download the data	I check our rain guage here at the sewer plant every day and record it on the MOR
Murfreesboro	Yes	Yes	Measures rainfall depth			Telemetry	
Pigeon Forge	Yes	Yes	Measures rainfall depth		All of the above	Both for various gauges	Weatherlink software that manages and stores the data.
Portland	Yes	Yes			All of the above	Both for various gauges	We have a rain gauge that records the rainfall and intensity. We can download the information.
Pulaski	Yes	No	Measures rainfall depth			Manually download the data	
Savannah	Yes	No			All of the above	Telemetry	we have 2 Davis Vantage Vue weather stations located at water plant & Wastewater plant, both are tied to office computers that we download data into.

City	Does your community have a rain gauge?	Does your community have a rain gauge network?	If you have a rain gauge, which of the following applies? -- Measures rainfall depth	Measures both depth and intensity	All of the above	How do you get the data?	How do you get your rainfall information?
Signal Mountain	Yes	No			All of the above	Manually download the data	Rain gauge that is capable of measuring time, intensity and duration. Information is manually downloaded from the gauge to a computer.
Tullahoma Utilities	Yes	No	Measures rainfall depth			Manually download the data	US Weather Service Rain Gauge at Tullahoma Wastewater Treatment Plant
Westmoreland	Yes	No	Measures rainfall depth			Manually download the data	Manually read the digital read out and record.
